Oh, yes that's correct. I think there must have been some discussion about including the properties on the north side of Pico back when the HPOZ was designated because the map shows color-coded Contributing and Non-Contributing properties. But you're good to go since the corridor was cut out.

On a related note, the Office of Historic Resources is looking to fill two vacancies in the Pico-Union HPOZ board. Do you know of anyone through the BID who might be interested in serving?

Christina

Hi Christina,

Thanks for getting back to me so quickly. The medallions will represent the Byzantine Latino Quarter Business Improvement District and will be installed on light poles along Pico Blvd. They will pass through Pico Union. However, the Pico Union map does not cover the commercial properties that face Pico Blvd. I have reached out to Harvard Heights and got their support. Could you please advise me on Pico Union?

I greatly appreciate your assistance on this.

Darin

Hi Darin,

Thanks for reaching out about the project. I think it does require HPOZ review since it affects the streetscape. Can you give me a description of the medallions - type, design, installation, location?

Thanks,

Christina

Hi Christina,

I'm the program manager for the Byzantine Latino Quarter BID and I am working on a project to install medallions along Pico Blvd. I know that part of the permitting process is to receive a letter of support from the HPOZs affected. Would it be necessary to get such a letter from Pico-Union? And if so, who would I contact?

I appreciate your help with this.

Have a great day.
